Reviewed: August 9, 1999

## STUDENT COMMUNITY RELATIONS

The Wirt County Board of Education encourages and supports student community relationships. However, individuals must adhere to the procedures for student community relationships.

### Administrative Procedures

The Wirt County Board of Education establishes the following procedures for student participation in community sponsored affairs:

- 1) The participation in the project or activity will not deprive the students of time needed in their educational program.
- 2) Approval for participation must have prior approval from the building principal.
- 3) The regular schedule will not be interrupted unless the majority of the students benefit through their participation.
- 4) Neither an individual student nor the school as a whole shall be allowed to use school time or property in working on community sponsored projects unless such an undertaking is contributing to the educational program.
